### CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.**

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

No priced catalogue will be furnished of this sale.

**Read Sale Terms Before Bidding.**

## THE LYMAN H. LOW AND OTHER COLLECTIONS.

In this sale we are offering the Extensive Numismatic Library of the late Lyman Haynes Low, the veteran numismatist, an expert too well known to all of us to need additional praise or commendation. Mr. Low flourished in the coin business and as a cataloguer since 1883. He was a great student and lover of coins, medals and tokens. His library is one of varied interest and sent us by his heirs for absolute sale. He specialized in Spanish-American numismatics and this collection contains a number of valuable books and catalogues relating to that subject. A good many of his books and catalogues bear additions and notes made in Mr. Low's own handwriting. Besides his coins and medals, which embrace around 400 numbers in the catalogue, there are offered four or five additional consignments of important numismatic books, pamphlets and catalogues. We note fine work by Head, Stevenson, Madden, Crosby and many others, as well as a fine set of the very rare work by Cohen on Roman Imperial coins, as well as a fine copy of Babelon on Roman Republican and Family Coins and the "Tresor Numismatique". As an offering in Numismatic literature this sale will compare with that of the late Clarence S. Bement, and is clearly as important. In addition to the six hundred or more lots of Numismatic Books and Catalogues there are offered many Coins, Medals, Tokens etc. of rarity and interest as well as some fine Paper Money. Among these may be singled out for special note the following:

**The Low Collection of G. A. R. Badges and Medals**, the finest in existence.

**A great many Coin Cuts**, for Illustrating catalogues and books.

**A fine Group of Oriental Gold Silver and Copper Coins.**

**Many Choice Conder Tokens**, including Spences and Kempsons.

**Rare and Choice Siege and Necessity Coins.**

**Complete Set of Panama Pacific Gold Coins**, with two Fifty Dollar coins.

**Octagonal Fifty Dollar Gold Piece dated 1851.**

**U. S. Quarter Eagles** of 1796, 1802, 1805, 1806, over 4, 1806 over 5, 1807, 1808, 1825, 1826, 1829, 1832, 1833.

**U. S. Half Eagles** 1802, 1803, 1805, 1806, 1807, 1808, 1809, 1810, 1812, 1813, 1814, 1818, 1820, 1821, 1823, 1824, 1825, 1826, 1830, 1832, 1833, 1834.

**U. S. Eagles**, 1797, 1798, 1799, 1800, 1801, 1803.

**U. S. Gold Dollars of various dates**, and other gold, Ancient, Mediaeval and Modern.

**Splendid United States Cent Collection.** With choice and rare examples of 1793, many 1794's and 1796's; choice 1799, 1804. etc., nearly 400 varieties.

This cent collection is the finest that we have offered since the great sale of the late Henry C. Miller, held by us in 1916.

The sale consists of around 2267 lots, and is divided into three sessions. Kindly read our sale terms to avoid any misunderstandings as to our sales. We extend our thanks for the many bids sent us to our recent sale of the Kellogg Collection. We will do our utmost to please all collectors. For their information we will state that we sold the

Kellogg Fifty Dollar gold piece for the world's record price of \$1400.00. Do not forget this when you go to offer your collection for sale. Write us for terms.

Please send us a generous number of bids. This is our last sale of the season except one. The last sale will be held about June first, and will include the great masonic collection of the late Dr. B. P. Wright, sent us by Mrs. Wright for disposal. That sale will be improved by other additions in a variety of Coins, Medals, Paper Money, etc., which doubtless will run it into three sessions.

**SPECIAL NOTE:—**Kindly take notice that in our sales the **bids are made by the piece, and not by the lot.** **Example—**If a lot contains 10 pieces and you wish to bid \$10 for the entire lot, then write your bid as \$1.00.

### COMMEMORATIVE GOLD DOLLARS.

- 1113 1904-1905. Lewis and Clark. Uncirculated, perfect. Mounted in a handsome gold frame, the coins uninjured. 2 pcs.

Note.—The last record for three of these coins was about \$19.00. These coins were sold during the exposition at 6 for \$10. The cataloguer purchased several lots of them at the above price. The advance since then has been remarkable, but all goes to show that the cataloguer is right in his plea for cheaper Commemorative coins when issued. No commemorative gold dollar when issued should cost more than \$2.00. The present prices of the above clearly show that moderate prices for them when they are issued do not injure at all their future price.

- 1114 1903. McKinley. Uncirculated. A coin issued at \$3 and does not bring today nearly as much as the last lot, which sold for about half of the original price of the McKinley.
- 1115 1916. McKinley. Niles memorial. Unc.
